SUMMARY

A hardworking individual that is passionate about Cybersecurity and Software development. I have graduated with a First-Class Bachelor's of **Computer Science** and a Master's of **Cybersecurity** at Lancaster University. Throughout the years, I have acquired various skills including proficiency with multiple **programming languages** and **cybersecurity standards**. Additionally, I have worked part-time in the IT sector and developed many traits that make me adept at teamwork and efficient workflow. I am excited to begin my journey in the professional world.

EDUCATION

Lancaster University

University ranked #132 for Computer Science globally according to QS rankings in 2025

Master of Cybersecurity | October 2024– September 2025

- First Class Honours (UK: 72%| GPA: 4.00/4.00)
- Thesis on Certificate Authority Tool Implementation

Bachelor of Computer Science | October 2021 – June 2024

- First Class Honours (UK: 71% | GPA: 4.00/4.00)
- Thesis on Automated Drug Interaction checker

Lycee des Mascareignes

French Baccalaureate (International Section)| August 2019– June 2021

- Highest Honours: Mention Tres bien (Grade: 16.62/20 | GPA: 4.00/4.00)
- Specialised in Mathematics, Computer Science and Physics
- Graduated with the International option
- Participated in various clubs including the Basketball and Human Rights clubs.

PROFESSIONAL EXPERIENCE

Lancaster University Leipzig | October 2024–April 2025

Teaching Assistant

- Laboratory demonstrator for the Human–Computer Interaction, Computer Networks and Secure Cyber systems modules
- Assisted students and provided them instructive feedback to help them further understand HCI principles, **Cybersecurity** concepts and IMUNES tool understanding.

Ipoque GmbH | February 2023–March 2024

Test Automation Engineer

- Created automatic **Python** tests for the quality assurance of software through the use of Image Recognition and the Squish frameworks.
- Wrote functions that automatically analyse and retrieve specific data located in JSON files
- Refactored written code for better organisation

VOLUNTEER AND LEADERSHIP

Class Representative | 2022/2023 & 2024/2025

- Communicated feedback and issues raised by classmates to the university personnel. Attended multiple meetings to discuss collected data to further improve academics and student life in the university.

Founder of the LU Leipzig Game Development Society | 2025

- Founded a game development club in my university where game design concepts and project management were key throughout the year.
- Participated in the Global Game 2025 where the society developed a game in 48 hours using Godot, Github, Python and other various organisational tools.

Volunteer for the Leipzig Long Night of Science | 20 June 2025

- Assisted and instructed participants with Cybersecurity workshops and helped them understand basic Penetration Testing concepts.

CERTIFICATES

Microsoft Certified: Azure Fundamentals | April 2026

- Certified for fundamentals of **Cloud Computing** concepts and key Microsoft Azure services

SKILLS AND INTERESTS

Languages

French: Native Speaker
English: Proficient
German: Intermediate

Tools and Coding Languages

Python, Java, C, Windows, Linux, Github, Gitlab, MySQL, SQLite, Kali Linux, x509, HTML, GDPR, NIS2, Squish, JavaScript, Cloud Computing, Networks, Github Copilot, Gemini, OpenAi

Hobbies

Basketball, Game Development, Football, Rock Climbing, Tennis, Drawing, Writing
